## Hospital District Voting Slated July 7

### McClure Praised By Jack Downing

BY TROY MARTIN  
Boone McClure is a fine man for whom to work, according to Jack Downing, assistant director of Panhandle-Plains Historical Society Museum.

Downing took exception to a story in the Canyon Sunday News in which three employees of the museum who had been written out of their jobs in the museum appropriation bill were less than complimentary of the museum director.

Col. H. G. Givens, assistant director; Mrs. E. J. Larson, supervisor of the Nita Stewart Haley Library; and Mrs. Newton Crain, archivist-librarian; said McClure was downright hard to work with.

The appropriation bill which eliminated Mrs. Larson, Mrs. Crain and Col. Givens gave Downing a substantial raise in salary.

"What I say is strictly Jack Downing speaking," Downing declared. "It is just me and I am not speaking for the museum."

"Since all the difficulty has arisen, several people have taken slaps at Mr. McClure which I

feel have been unjustified.

"Having known Mr. McClure off and on for 40 years or more, intimately for the last five years, I feel like I would like to say a few words in his behalf.

"Having worked for any number of local people for the past 30 years, I feel I have satisfied most of them.

"I haven't had any trouble with anybody.

"I have found Mr. McClure in his dealings with me on work I did before coming to the museum and since I have been there to be fair and square.

"I find it hard to believe all these accusations made against Mr. McClure.

"As far as proof is concerned, I can't prove anything one way or another but from my dealings with Mr. McClure, that's the conclusion I have to come to.

At the annual meeting of the Panhandle-Plains Historical Society April 30 Downing voted along with the forces of Senator Grady Hazlewood — the ultimate winner.

As a matter of fact, Downing along with Joe Pool of Amarillo stepped in and restrained J. Evetts Haley, Jr., when the younger Haley took a swing at Erwin Ochsen of Amarillo.

Mrs. Larson and Mrs. Crain voted along with J. Evetts Haley, Sr., at the annual meeting.

### Jury Gives Probation To Mike Balser

A young man who complained that after obtaining 45 baggies of marijuana he gave away 10 baggies and then was unable to sell any of the stuff on the West Texas State campus was given 6 years probation by a jury here Tuesday.

Mike Balser, 21 years old, Corpus Christi, told the jury he was unable to push the marijuana on the WTSU campus. He finally was arrested with the 35 baggies still in his car.

Balser was found guilty of possession of marijuana and the jury assessed his punishment as 6 years probation.

Charlie Vilanueva of the Amarillo Police Department told the jury he was tipped (see PROBATION, page 5)

### Chamber Sponsors Ole Time Fourth

Canyon will have a July 4 celebration sponsored by the Chamber of Commerce. So said chamber board members at the regular meeting Monday night.

Cary Magnus is chairman of the celebration committee, and he said details should be definite by next week.

He did believe watermelon

Jan Holland, 19, sometimes escapes to the Canyon swimming pool to avoid the crowds in Amarillo where she lives. She is the daughter of Mr. and Mrs. F.O. Holland of Amarillo.

### For County Rolls

## Tax Questions Looming

Randall County tax authorities have disagreed on renditions made by about 75 taxpayers and businesses this year, Mrs. Audrey Bruse, tax assessor-collector, told commissioners court Monday.

Biggest difference in renditions and assessments probably was that of First National Bank of Canyon.

The county assessed the new bank building at \$305,442 against a rendition of \$290,000. The old bank building which houses the ASCS offices was assessed at \$47,105 as compared to a rendition of \$30,000.

The old Bellah Supermarket building was assessed at \$38,100 but rendered at \$25,000.

Renditions of stockholders came to \$138,250 as compared to an assessment of \$913,893.

"I don't believe we're going to have a leg to stand on in the stock in that bank," commented Commissioner Glenn Dowlen.

Dowlen said he thinks care should be exercised in assessing bank stock because much of the wealth in the county is involved in stocks hidden away and never rendered.

Mrs. Bruse said she is following rules on assessing bank stock strictly and assessed all bank stock in the county just the same.

"The rules say bank accounts are supposed to be taxed too but we don't do it," Dowlen countered.

## 'TEXAS' Opening To Honor Mayors

"TEXAS" will open the 1971 season June 24 honoring the 40 mayors who broke ground ten years ago to start construction of the amphitheatre which now stages the summer musical in Palo Duro Canyon State Park.

The 40 men who were mayors then and the present mayors of those towns will be guests of the Panhandle Heritage Foundation at the first show this year. They will be treated to a barbecue dinner preceding the musical.

Decorations for the evening will include the original signs used to designate each city during the groundbreaking ceremonies.

Mrs. Ples Harper, public

relations director, recalled this week the ceremonies 10 years ago.

"Each mayor stood behind his city's sign with a spade and they broke ground at the same time," she explained. "This symbolized the groundbreaking and the unified effort of the Panhandle."

"TEXAS" is a musical drama of Panhandle history written by Paul Green.

Members of the foundation will be allowed to use their ticket privileges for opening night and one other performance of the show in June or July, or one performance of "They Came From Spain" in the fall.

### Ballot Same Date On Building Bond

BY TROY MARTIN

Voters in Randall County Precinct 3 will ballot July 27 on whether to form a hospital district of the precinct and at the same time decide the fate of a bond issue to finance construction of a 50-bed hospital facility.

Prior to calling of the election by a hospital steering committee June 21 a petition bearing the names of 50 qualified voters requesting the election must be submitted.

Decision to call the election came at a meeting of the steering committee Tuesday evening at the Community Center here.

Atmar Atkinson, Lubbock architect who drew plans for a 50-bed hospital at Brownfield, told the committee that it would be necessary to hold the election by the last of July in order to be considered for Hill-Burton matching funds in 1972.

Atkinson said cost of preliminary planning before the election would run to somewhere between \$3,000 and \$5,000 along with an agreement that his firm be retained to plan the new hospital if the district question and bond issue carries.

The Brownfield hospital was constructed at a cost of \$1.4 million. When planning began last year on a Canyon hospital it was estimated that a 50-bed facility would cost about \$1.5 million.

Bill Sternberg, head of the construction committee, said costs are going up about 10 percent a year. Others on the construction committee are Clarence Eugene Thompson and Vernon Harman.

A definite amount of bond issue will be placed on the

ballot. This will be decided by a finance committee headed by O. H. Rahlfs and made up of Dean House, Virgil Henson, Floyd Tomlinson, Jerry LaGrone, Bill Davis and Clarence Eugene Thompson.

Atkinson told the group that the district must have a third of the funds needed for constructing the hospital at the time application is made for Hill-Burton funds.

Atkinson was not overly optimistic about obtaining Hill-Burton funds in any event. The committee discussed the possibility of getting a low interest federal loan if Hill-Burton funds are not forthcoming.

Bob Davis of Columbian Securities said that if the application were not approved the board could request that it be held over for consideration again next year.

He said that in event the hospital bonds had already been sold the money could be invested, possibly at a profit to the district.

Davis warned that as soon as the district is formed it becomes responsible for medical (see BALLOT, page 4)

### Candy Sale To Begin

Little League ball players will begin selling candy at 10 a.m. Saturday kicking off the annual candy sale, according to Benny Cooper.

All Little League players, including pee wees, minor and major leaguers, will meet at 1601 Fourth Avenue, across the street from the City Hall to pick up candy.

Parents with cars are invited to help take the youngsters door-to-door in the day-long drive.

### Grain Theft Jury Hung

Grain theft trial of Frankie O'Donald, 26 years old, Canyon, resulted in a deadlocked jury Monday.

What may have been a record Texas jury of 11 women and a single man deliberated 2½ hours before reporting to Judge E. E. "Gene" Jordan that it was hopelessly deadlocked.

O'Donald was charged with theft of grain sorghum from Bruce Lusk the night of Dec. 1, 1970. Lusk is manager of Randall County Feedyard.

R. E. Hudgens, employee at the feedyard, testified that he helped O'Donald take grain sorghum from the feedyard the night of Nov. 28 and again the night of Dec. 1.

He said on the night of Dec. 1 O'Donald rented a (see JURY, page 4)

## Dr. Cornette Welcomes First Grandchild To WT

BY JERRY MONTGOMERY

She's cute, athletic, intelligent and a freshman at West Texas State University, with a list of credits from high school that would make any family proud.

She's Linda Cornette. Name ring a bell?

She's also the granddaughter of Dr. James P.

Cornette, president of WTSU, and his "first grandchild to go to college," he says proudly of her. She is the daughter of Mr. and Mrs. Marvin Cornette of White Deer and granddaughter of Mrs. Nell Sheets of Canyon.

Enrolled in the first summer session, Miss Cornette is taking seven hours — English, history and tennis —

and working in the museum. She plans to finish the English and history course and take another p.e. course second summer session and work in the math department.

Finishing high school as valedictorian of her class, Miss Cornette chose WTSU because she "thought it could give a good foundation" for whatever field she chooses to enter. She says she'll probably major in math.

Many of her awards from high schools are in science. She was chosen one of a few students in the country to attend the Nuclear Science Symposium in Austin last summer.

And there was only a week between that one and the National Science Foundation Science Program at the University of Tennessee for which she was selected.

Miss Cornette won the grand prize in the local science fair at White Deer for three years and was named winner of the outstanding math project at the regional science fair this year in Amarillo.

Numerous clubs in high school required time from the active student, including the Science Club, Future (see CORNETTE, page 5)

David Kent, West Texas State University tennis coach, gives instructions to Jill Bleiker of Roswell during the first of three tennis camps being held on the WT campus this week. Some 82 youngsters from the Panhandle and New Mexico and Oklahoma are enrolled in the camp. Two other sessions are scheduled for later in the summer.

Dr. James Cornette, president of West Texas State University, shows his granddaughter, Linda Cornette, the location of his office on a map of the campus. Linda was graduated

from White Deer High School, is a freshman, and his "first grandchild to go to college," he boasts.

## FROM THE CANYON RIM

It is interesting to note that in the appropriations bill for Panhandle-Plains Historical Museum there is only one job requiring a college degree.

That, of course, is the job presently held by Mrs. Newton Crain who has the title of archivist-librarian. Mrs. Crain has an archivist certificate from the University of Oklahoma.

The director of the museum is not even required to have a degree. Are we to assume that the archivist-librarian has a job more responsible than that of the director? This is certainly indicated by the way the appropriations bill is written.

The bill is written so that the only requirement to be director is to have had "5 years museum experience." Under its provision a museum janitor would qualify for director if he had been sweeping the museum floor for five years because the

bill only requires the five years museum experience and does not stipulate in what capacity.

No formal education at all is required to become museum director under the provisions of the bill which legislated Mrs. Crain, a museum employee for nine years, out of a job.

In Sunday's paper I asked 18 questions concerning the museum. Monday I visited the museum director and asked if he were ready to give some answers to them.

He indicated he would contact Executive Board President Virgil Patterson and obtain permission to discuss the questions.

He says he has the answers but is not at liberty to give them until he receives permission from the board president.

I hope they will be available soon because the answers would do a lot to clear the air but at mid-week no answers were yet forthcoming.

A Randall County jury gave six years probation in a marijuana possession case here Tuesday.

This was in spite of the fact that the defendant was caught with 35 baggies of the stuff which he admitted he was trying unsuccessfully to sell on the West

Texas State University campus. He said he had given away 10 baggies before he was caught.

Randall juries haven't meted out any jail time in the last three drug cases tried here.

Their decisions strongly indicate that it is going to be hard to convict Joe College and Joe High School in pot cases here any more.

Only last year DA George Dowlen was getting the book thrown at drug offenders. The change in jury attitude is a measure of what is happening to society in relation to the drug problem.

Drugs used to be a contemptible addiction of skid row and only kids from the wrong side of the tracks ever got a monkey on their backs.

Pot and even stronger stuff have invaded the better sections of town and parents who have tried to do everything for their children have seen them caught in the toils of the law.

When a parent gets on a

jury and sees a teenager in the defendant's dock he is shaken with just a tremor of fear.

In his heart he says, "There but for the grace of God sits my son." A juror in this frame of mind just isn't going to return a harsh verdict.

Latest statistics say that a GI going to Vietnam runs a greater risk of becoming a heroin addict than of becoming a combat casualty.

Addiction to heroin is running up to 15 percent and the percentage of cures — even with the most sophisticated treatment — are pitifully small.

I notice that against this backdrop the Turkish government has raised the government subsidy on poppies, the flower from which opiates including heroin are derived.

It makes me ask myself if Turkish bases are worth the price.

Probably the most terrifying aspect of America's drug problem is in the delivery room where literally thousands of young addict mothers are giving birth to babies in the throes of withdrawal.

This is the least of it. Thousands more are born deformed and retarded as a result of LSD's devastating effect on parental chromosomes. Not only are most of them destined to become wards of society, but their reproductive capacities will pour like raw sewage into the collective gene pool to damn untold generations to come.

### Shelley Davis Receives Burns

Shelley Davis, daughter of Mr. and Mrs. Bill Davis, received first degree burns Tuesday afternoon when a pan exploded in the family home at 26 Hunsley Hills Blvd.

Miss Davis, a Canyon High School senior, was treated at Neblett Memorial Hospital for first degree burns on her face and arms and for burns to her eyes.

Her father said Wednesday that doctors would not be able to determine the extent of the injury to the eyes for another two weeks.

She was released from the hospital and is at home.

### Donated Art Brings \$6,300

Dr. Emilio Caballero and the art students and department at West Texas State University have been awarded an appreciation plaque by the Auxiliary to the Opportunity Center for Retarded Children in Midland.

Paintings donated for the "Kaleidoscope of Art" benefit May 11 by students in the WTSU art department brought \$6,300. Tickets for admission to the benefit at the Midland Country Club were \$30 per couple, with the art being auctioned at the benefit.

The plaque was presented "In appreciation of art donated to the Opportunity Center Auxiliary with proceeds from the sale of this art benefiting the retarded children of Midland, Tex. May, 1971."

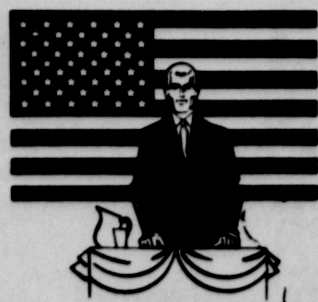

Proceeds from the benefit went to the Midland Council for Retarded Children, the Opportunity Center, Boy Scout Troop, Girl Scout Troop, TARS (Teens Aid the Retarded), Summer camp for retarded children at Prude Ranch, the Library on Retardation and the Texas Special Olympics for Retarded Children.

### FLAG ETIQUETTE

Here are some rules and regulations on the proper display of the American flag.

The Stars and Stripes should be given peak position, above others when on same halyard.

When flag is on platform it should be above and behind speaker. For decoration use bunting with blue stripe up.

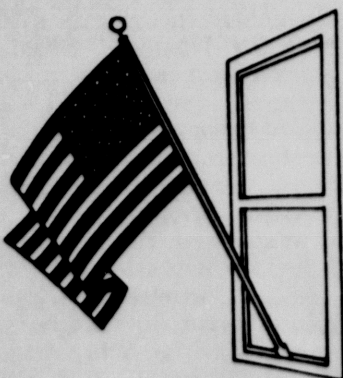

Men, women in uniform should give right hand salute; civilians should put hand over heart.

Indoors or out, when displayed horizontally or vertically against a wall, the stars should be uppermost and to the flag's own right, that is, to the observers' left.

When flag is flown from window sill, the Union should go to the peak unless the flag is at half staff.

### A Proud Salute To The Stars And Stripes.

Respect Our Flag. She Still Represents The Greatest Nation In The World.

## Our World

BY ANN BROWN

June 14 is Flag Day. Flags have been with us since ancient times. They have appeared in all sizes, shapes, and colors. The one characteristic flags have always had in common is that they symbolize their owners.

To the majority of Americans the Stars and Stripes symbolize our beloved country. We would no more desecrate them than we would insult our mothers, or blaspheme our God.

Americans who love their homeland display its symbol as a proud banner, a distinguished decal, or a jeweled ornament. To wear the flag as an article of clothing or use it for any other utilitarian purpose would be desecration.

We should support our flag and it should protect us. Service and protection are like freedom and duty — two links in the same chain. If

we break one link, the chain is broken.

No symbol is ever of intrinsic value. It acquires its merit from that which it symbolizes. We discard a symbol only when that which it symbolizes is no longer esteemed.

We treasure pictures only if we admire that which they portray. When lovers quarrel, they usually return, discard, or destroy photographs of the rejected lover.

When one desecrates the flag of any nation, he is merely doing to the nation's symbol what he would like to do to that nation.

When rebels at home or enemies abroad destroy our flag, they are telling us loud and clear that they intend to destroy our nation — and they will if we do not restrain them.

But do we? We give credit, cash, and military protection to nations where our flag is burned, our nationals imprisoned and slain, and our embassies stoned.

We give food stamps, welfare checks, and rent subsidies to rebels who sport Ho

mustaches and spout Mao philosophies — symbols of our mortal enemies.

Our colleges and universities have been targets of vandals because they symbolize intellectuality, knowledge, and progress.

Does the fact that our schools are not perfect justify their destruction? If imperfection merited destruction, would not the whole universe be doomed? The most nearly perfect rose has flaws — in addition to thorns.

The policeman's uniform, like the flag, is a symbol of the society he protects. The delinquent who brags of his hatred for "cops" is merely expressing his antagonism for law and order and the society that supports it.

Every policeman who is slain in the performance of his duty is intercepting a bul-

let aimed at our civilization. When we shackle and penalize the police, we are simply committing social suicide.

Why are the deaths of the four students who were slain at Kent State while rebelling against society considered a greater tragedy than the policeman who is slain almost every day as he tries to protect society? Is not his life as dear? His family as cherished?

Flag waving has become a derogatory term, and the flag has disappeared from many of our homes, our schools, and our churches.

A symbol is discarded only after its substance has lost value. How long before the substance follows the symbol to the ashcan?

Let's wave our flag June 14 — while we still have the privilege.

# Church Summer Camps Full

Canyon youngsters and adult leaders will participate in various church camps during the summer according to city church leaders.

Four Christian Church youths are at Ceta Glen this week and Baptist youngsters will be at the High Plains Baptist Assembly June 28-30 west of Canyon.

Attending Ceta Glen this

week for a Christian Youth Conference are Peggy Adams, Terry Reynolds, Shannon Hare, and Judy Carpenter. Some 100 youths are attending the week-long conference from the Golden Spread.

Methodist Church camp Ceta Canyon, southeast of the city, will also house Canyon youngsters said Rev. J.

Frank Peery pastor of the Canyon First United Methodist Church.

Camp schedules for the Baptist encampment are as follows: junior high girls' camp, June 28-30; senior high girls' camp, June 30-July 2; day camp for first, second and third grade girls, July 6; camp for fourth, fifth and sixth grade girls, July 7-9; camp for fourth, fifth and sixth grade boys, July 12-14; day camp for first second and third grade boys, July 15; and WMU Mission Action Camp, August 12-13.

Ceta Canyon Methodist Camp scheduled for local youngsters includes the following: elementary camp number 1, June 7-11; junior high camp number 1, June

14-18; family life conference, June 18-20; youth officers training camp, June 21-25; lay witness retreat, June 25-27; elementary camp number 3, June 28-July 2; junior high camp number 3, July 5-9; Youth in Dialogue, July 12-16; Randall County 4-H, July 17-18; Canyon United Methodist Church picnic, July 18; state 4-H encampment, July 19-23; Conference Wesleyan Service Guild, July 23-25; junior high camp number 4, July 26-30; Happy United Methodist Church picnic, August 1; elementary camp number 5, August 2-6; laymen's retreat, August 6-8; and older adult assembly, August 16-19.

## Church School Registers 146

One hundred and forty-six children are enrolled in the Ecumenical Vacation Church School, reported Miss Mattie Howell who is working with the groups.

In addition to the children there are 56 workers and five coordinators.

Children three years old through elementary grade 3 are meeting at the First United Methodist Church. Grade 4 meets in the First Christian Church and elementary grade 5 and 6 meet in the First Presbyterian Church.

Elementary 2 is planning

trips to La Casa Canyon Nursing Home and different churches. Grades 3 and 4 are planning to visit the Jewish Synagogue.

Coordinators for the church school are Mrs. Willis Harrison, general coordinator, First United Methodist Church; Mrs. Ray Tinsley, supplies, St. Ann's Rectory; Mrs. Hosea Foster, refreshments, First Christian Church; Mrs. Robert Sawwell, publicity, First Presbyterian Church; and Mrs. Sturdy Wanamaker, recreation, Episcopal Church.

## Umberger News

BY SUSAN DOLLE

Boys and girls of St. Theresa's Children's Home in Panhandle were guests Sunday at a picnic provided by teenagers from St. Mary's church. This was the third year the teenagers took the children to the city park where they enjoyed a basket lunch and games during the afternoon.

Sponsors for the trip were impressed with the growing city of Panhandle. The city boasts of a lovely park, and new buildings including the large county library and the bank building. New homes are much in evidence; evidently, the development of irrigation has enhanced the growth of Panhandle.

pre-schoolers through grade six are being taught and will continue next week.

To keep the history record straight, let's mention one more trustee of the Umberger school district, A. H. "Snooke" Lindeman. May be when the school reunion is held July 4, everything will be remembered and written down.

Mrs. Emma Brandt is enjoying visits from her daughter and son-in-law, Mr. and Mrs. T. J. Rosen of Austin, and her brother, Mike Ziner of Nebraska City, Neb. The family will be attending the wedding Saturday of her granddaughter Miss Earlene Birkenfeld of Nazareth.

Leonard Batenhorst of the Umberger Council #808 of the Knights of Columbus has been appointed by the state deputy to serve a term as district deputy. He will represent the Hereford, Umberger and Dalhart councils.

Pistols and Petticoats Square Dancing Club entertained scores of guests at the last two Sunday night club sessions. Age was no limit as teenagers and adults come to dance to the calling of Herrick Allen while youngsters and senior citizens sat along the sidelines watching the squares. Members will be visiting other clubs to recover the traveling banner and shirts of the caller and president that guests carried to their clubs.

The summer Bible school session of St. Mary's CCD began last Monday afternoon. Under the direction of Mrs. Vincent Ramaekers, volunteers are gathering material and filing it for the fall session. Use of audio-visual machines is also being shown. Evening sessions for

cal care for indigents within its boundaries. He said that if the district is formed by Aug. 15 a small tax could be levied for this purpose.

Davis stressed that it would be necessary to educate the voters on the need for a new hospital here. Named to the publicity committee were Mrs. Nolon Henson, chairman; Raymond Batenhorst, Dr. Paige Caruth, Mrs. T. G. Hull, Jr., and Mrs. Dorothy Neblett.

Mrs. Hull is chairman of the overall steering committee.

Davis said to be qualified to participate in the election a voter must be a resident of the precinct on the day of the election, a resident of the state a year and of the county 6 months.

Ballots will be placed in two boxes — one for voters on the precinct tax roll and one for those not on the tax roll.

In order to carry, the proposition must carry in the taxpayer box and receive a majority in the overall election.

The election will be held at the Community Center Building in Canyon. Election judge and clerks are yet to be named. Absentee balloting will be in city hall.

Next meeting of the hospital steering committee will be held at 5 o'clock next Tuesday afternoon.

## STOP PLAYING WITH ARTHRITIS

Some day, a cure will be found for Arthritis, a disease which so far has evaded the efforts of thousands of research workers, who are trying to solve this universal problem.

Stop trying every new pain reliever advertised by the medicine men who apparently promise much in their ads and television commercials. Analyze what they say and you can see they definitely offer you little help. Place yourself in your physician's care. Visit him at the regular intervals he suggests. Danny, Shiela and Buddy Underwood, children of Mr. and Mrs. W. H. Underwood of 1105 6th Ave., were among the first children to register for the annual Texas Readers club which began at the library Monday. The

club will continue through July 17, ending with presentation of certificates for children who have read at least 12 books of their own choice, correlated with their school reading levels.

### Library Begins Reading Program For Youngsters

The annual Texas Readers Club began Monday at the library, with registration of children six years of age and older.

The reading club is under

the direction of the state library, which awards certificates to those children who read at least 12 books correlated with their school reading level.

To continue through July 17, the club will be terminated with a party for the youngsters where they will receive their certificates, said Mrs. Chester Pierle, head librarian.

In addition she competed in basketball, volleyball and tennis and numerous University Interscholastic League contests and won academic awards for four years.

As if that's not enough, Miss Cornette won the Outstanding Scholar award, was National Merit Commended Student and was best citizen in her junior class.

One of her most important accomplishments, her grandfather says, was to be qualified for the Red Cross Water Safety Instructor before she was 16, the required age for such a position, and she was lifeguard and swimming instructor at the White Deer pool. And she was the "best athlete and best citizen" in high school, her grandfather proudly emphasized.

Miss Cornette's mother received a bachelor's and a master's degree from WTSU. Her father received a bachelor's and a master's degree from Sam Houston State. He is a safety inspector for the Celanese Corporation.

So what does she do in her spare time — what spare time she has? "I spend it over at the activities center and just goofing off," she laughed.

Commissioners Court will meet as a board of equalization June 21.

County Judge Woody Pond told the court that legislation has been passed allowing the court to set salaries of all county employees.

Salaries for the Randall County Sheriff's Department was placed on the agenda for next Monday.

Members of the court decided to put caliche on a half mile of Arden Road.

Members of the court discussed the possibility of closing the Canyon Dump Ground Road with a gate at the VFW Road entrance.

to exceed 500. Tickets will be sold at the barbeque in Conner Park for \$1.50 for adults and \$1 for children.

Women's Division of the Chamber of Commerce and VFW members have volunteered their help for the celebration, said chamber president Eddie Knowles.

The board agreed to look at a sample candy cane on a city pole before making a decision about Christmas decorations. Knowles said they have received only one bid for the decorations.

The candy canes will be in addition to red lights merchants place on their buildings during the Christmas season. Also, the chamber will hang a large "Merry Christmas" sign at each end of Canyon on 23rd Street, Knowles explained.

In other business, Knowles gave a report on the recent AAMA trade show in Dallas. Some 19 industrial prospects were obtained during the four-day convention by Canyon men who attended. Those attending along with Knowles were chamber manager Roland Black, Bill Davis and Jack Taylor.

"I think the trip was successful," Knowles related. He pointed out that most industries were primarily interested in the city's tax structure.

"The labor problems, unions and taxes are killing the companies which are located in larger eastern cities," Knowles declared. He predicted that several of the businesses showed high interest and might be good prospects.

said some thought should be given to putting up a fence along the road if it is not closed. He said paper and trash is blowing over onto the Dick Flenniken property.

Dowlen suggested posting a sign warning of a possible \$200 fine for dumping.

Commissioner Fletcher was for closing the road.

"We're just putting it off," said Fletcher. "We need to take a stand on it and do something."

The court decided to run a chemical analysis on the road with an eye to surfacing it.

Commissioners agreed to provide \$3,100 as the county's share of an Amarillo Urban area transportation study.

Two road crew operators were raised from \$425 a month to \$450 a month. The pay raise had been refused last month. Bill McCauley, mechanic, was raised from \$485 to \$520.

The court discussed buying some equipment for paving roads. Fulgenze said he believes it would be less expensive to rent the equipment.

In other business the court authorized the county and district clerks to attend a conference June 16 in Dallas.

### 200 Attended Deans' Reception

Approximately 200 persons attended a reception Tuesday afternoon, honoring two new deans of West Texas State University, Hank Brown, executive director of West Texas Ex-Students, Inc., estimated.

Business and industrial executives from Amarillo and the area attended the reception in the Amarillo Club honoring Dr. Theodore Friedell, dean of arts and sciences, and Dr. Eldon Lewis, dean of the college of business.

West Texas Ex-Students, Inc., hosted the reception.

Dr. Friedell will live at 1409 Creekmore. His appointment begins Aug. 1.

Dr. Lewis will live at 9 Southridge Drive. His appointment is scheduled to begin July 1.

Sheriff L.S. Johnston and Police Chief Calvin Costley.

The two officers stopped Balser on the campus, according to testimony by Costley. They advised him of his rights and then searched his car finding 35 baggies of marijuana.

Chemist Bill Dunn testified that the substance confiscated was marijuana.

The defense offered no testimony. The jury took about 20 minutes to find Balser guilty.

Balser testified in the

phase of the trial to decide punishment. He said he has an unblemished record up to now and is employed in the parks department by the city of Corpus Christi.

Even under prompting by his own attorney, Don Lowder of Hereford, he steadfastly refused to tell who had supplied him with the marijuana.

The Balser verdict was in keeping with a trend away from stiff sentences for marijuana violations in Randall County the past few months.

THE STATE OF TEXAS  
TO: EVELYN WHITE, the natural mother of Wanda Sue Smith, a minor child; LEE MADDOX, the natural father of Wanda Sue Smith, a minor child; and AVIAN H. HUCKLEBERRY, the purported natural father of Wanda Sue Smith, a minor child, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, at 9:00 o'clock A.M., on the 19 day of July, 1971, to show cause, if any, why the above named child, Wanda Sue Smith, should not be declared by said court to be a "dependent" and "neglected" child, as requested in the petition in this cause, numbered 11,124-A on the docket of this court and styled IN THE MATTER OF WANDA SUE SMITH, A MINOR, filed in this court on the 4th day of June, 1971.

A brief statement of the nature of this suit is as follows, to-wit: A suit to have Wanda Sue Smith, a minor child, declared a "dependent" and "neglected" child, as is more fully shown by Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and made due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this 8 day of June, A.D. 1971.

Attest: LaQuitta Polvadore

# Tanglewood Band Members Aid Vienna Fund Operations Underway

A planning and zoning committee was appointed for Tanglewood at the first regular meeting of the new city officials Monday night.

Dean Watson will head the committee which will make suggestions on possible restrictions and regulations for zoning within the newly formed village northeast of Canyon.

Other committee members named are Tom Badrow and Morris Loewenstern.

James A. "Doc" Potts, mayor, said aldermen also named a committee to suggest ordinances for law and order in the village. Murray Gray, L. E. VanDoran and Jim Parks will report to the city officials next Tuesday.

Other business discussed included rules and regulations for the village, duties of the town marshal, and youth activities for the summer.

Potts said officials will investigate the possibility of building tennis courts or basketball courts for youngsters. Potts and the aldermen decided that three members would serve for one year terms and the other three would serve two year terms. Those to serve one year are aldermen Bob Gray, Dr. Newton Robison and Jess Pearce. Two year members will be Potts, E.M. Blackburn, Sam Marmaduke and Marshall John Currie.

Next week at the meeting at 7:30 p.m. Tuesday in the Tanglewood clubhouse, officials will hear Larry Goodman of the Panhandle Planning Commission discuss utility franchises in the village, and hear the planning and zoning committee report and the ordinance committee report.

# Band Members Aid Vienna Fund

Approximately 65 members of the Canyon High School band will be selling hand cream and suntan lotion for the next year as a money-making project for a trip to Vienna next summer.

Money from the sales will go into the Vienna '72 fund for financing the students' trip to Austria next summer. Senior band members who will graduate next year are also eligible to go.

The band members began selling the products Tues-

day. Students have been divided into two selling groups, white and purple. Students take orders and then make deliveries every Friday.

The band members must make presentation speeches to prospective customers, telling them uses for the product and its major ingredients.

"The hand cream is a non-greasy, non-sticky rich formulation. It contains rice oil and other healing skin sterilizers that relax pain of

burns, sunburns, rashes and skin irritations," said Mrs. Gerald Dietz who is helping students with the sale.

The suntan lotion, she said, is a non-greasy product that can be used as a make-up base. It contains moisturizers and screening agents.

William Moore is director of the 1971 summer musical drama "TEXAS" which will be played June 24 through August 28. The show is produced in the amphitheatre in Palo Duro Canyon State Park.

## Gene Howe News

BY PAULINE HEFLEY

A Happy Birthday to Karol Hicks, Danny Sellers, Glynna Schmidt and Gail Betty, who all have a birthday on the 10th of this month.

Our friend, Andy Hanson, was home recently from the Air Force Academy in Colorado — understand he is looking just great.

Apologies to Susan Nash, who is recently graduated from Canyon High — and congratulations to her. Incidentally, Susan is now on a choir tour with a group from the Paramount Baptist Church. They are appropriately called the Paramount Choraliers and are touring the U.S.A. and singing as they go — and they will ultimately end up in Nassau in the Bahamas. We'll expect a full report upon your return, Susan.

Our baseball teams from Gene Howe are really "doing their thing" — Deanna Thrash's third and fourth grade teams, called the "Knockouts," beat Western Plateau from Amarillo 22 to 6, and then beat Ridecrest from Amarillo 18 to 11. And, that Herbert McGregor's team, the Lepricons, beat Rolling Hills by a score of 20 to 8. Congratulations girls — keep on keeping on.

That little doll, Patty Team, went and broke a bone in her knee while playing on the trampoline. Hope it's soon mended like new, Patty.

The Fred Finkes, David included, tottled down to Pottsborrow, Texas to visit with Fred's mother. Mrs. F. reports a good trip. By the by,

the Finkes have eight little baby kittens to give away. Promise of tender loving care is an absolute prerequisite. Have both male and female, have long hair, many different colors — just call 352-2971 if you want one.

The Roy Forehands motored up to Monument Lake in Colorado recently with seven other families. Stayed in cabins while there and really had a good time. Roy said they had 54 for church on Sunday with several other couples from Amarillo that were in the vicinity joining in the group.

God's speed is sent to Tommy Cook who is off to earn his pittance working on the wheat harvest up thru Montana — we'll miss him around the neighborhood.

Now here's a project we can all support — the Canyon High Band has been invited to Austria and are now in the process of raising the travel fund. They are selling Lady Venus hand cream and suntan lotion. Each student is expected to sell 250 of each — so when they come by your chateau — dig deep and let's all get the rest of the world exposed to the "greatest" band in Texas. . . Two of our favorite mummies in the Gene Howe area have announced that the stork will visit them in the Fall — can you guess who they are?

It was a pleasure for this writer (use term loosely) to attend a reception at the Amarillo Club for Dr. Eldon Lewis, who is the new Dean of the School of Business, and Dr. Theodore D. Friedell, who is the new Dean of the College of Arts and Sciences at West Texas State University. This was sponsored by the Amarillo Chamber of Commerce in cooperation with the West Texas Ex-Students, Inc. and there were many, many people there from Canyon and Amarillo — and — a Warm Welcome to both gentlemen.

Have you taken a trip lately, had houseguests, had a Birthday, Anniversary, or other noteworthy event? If so, just call me 376-9853 or 352-2089 and we'll share your joys and pleasures with all our friends. Thanks pmh

## AAU Swim Meet Set July 10-11

The 1971 Junior National AAU Synchronized swimming duet championship meet will be held at the student activities center on the West Texas State University campus July 10-11, according to Gary Cooke, meet manager.

The two-day event will draw more than 100 youngsters from across the nation. Mrs. Joyce Brayboy of Amarillo, steering committee chairman related.

Registration will begin Friday, July 9 in the center and Friday evening a banquet for all contestants will be held at 7 p.m.

Preliminaries will begin at 9 a.m. Saturday with entrants treated to "TEXAS" Saturday night. Student competition will begin at 10 a.m. and finals will be held at 2 p.m.

Admission is \$1 for adults and 50 cents for students.

## 'TEXAS' Directors Finalizing Drama

The 92 performers in "TEXAS" are rehearsing eight hours a day in preparation for the 1971 season that opens June 24 in the amphitheatre in Palo Duro Canyon State Park.

Directors of each phase of the show are putting their actors, dancers and singers "through the ropes" in final rehearsals.

Margaret Moore, associate director, is working intensively with the actors to help them perfect their speaking parts.

Royal Brantley, musical director, has taught the music and is now drilling and polishing — listening for precision and balance — so that the choir will be ready to make the recordings for the dream sections of the show. Brantley has already presented the delightful contrapuntal exercises which the cast uses for warm ups through the season.

Neil Hess, choreographer, has led the dancers through the figures which he has devised for this year's production. Before practicing these the entire cast warms up with simple steps building their endurance to the point where each one can run a quarter of a mile for an entrance and appear on the stage singing and dancing and not be out of breath.

William A. Moore, director, has the full

responsibility leading, inspiring and coordinating the work of his assistants.

Under Charlotte Brantley, the costumers are shaping the clothes for the scenes.

Under Jim Kemmerling the technical crew is getting the stage and sets ready, handicapped this week by a sudden wind which rolled the train a short distance on two wheels and sent a few chairs sailing through the air.

Pat Jarrett is directing

the sound and light crew in checking wiring and testing speakers, experimenting with lighting effects. Preparations are being made for the sixth season of the drama

by Paul Green, which has played to more than 350,000 people the past five years. Show opens 8:45 p.m. nightly except Sundays June 24 through August 28.

## Couple Departs For Europe Trip

Mr. and Mrs. George McBride are departing from Dallas today for a trip to

Europe, through the Texas State Teachers Association.

The couple plans to travel from Amsterdam where they will land, to Germany, Switzerland and Italy where they will visit McBride's grandmother and cousins. McBride was born in Leghorn, Italy. They will also visit Paris; Luxembourg; Belgium; and London.

Mrs. McBride is a teacher at Canyon Junior High School. Her husband is a candidate to graduate in December from West Texas State University. Since Mrs. McBride's classes have been studying "Romeo and Juliet," she wants to visit Verona, Italy, supposed setting of the play.

Mr. and Mrs. McBride will return July 24.

Royal Brantley leads the singers through a rehearsal for "TEXAS", a summer musical scheduled to begin June 24 in the Palo Duro Canyon State Park amphitheatre.

Neil Hess studies routines for "TEXAS" dancers during a choreography rehearsal this week. Hess is choreographer for the summer musical.

## No Injuries In Accident

A crop duster airplane stalled on takeoff falling some 15 feet to the ground and hitting a Pioneer Natural Gas Company industrial gas meter in north Randall County Monday night.

Wayne Early, pilot, was uninjured when his plane crashed in a field off Farm to Market Road 2219. Early said the engine quit on take off. Damage to the plane had not been determined at press time.

Bob Mills of Pioneer Natural Gas Company said the master meter was destroyed and a regulator damaged in the accident. He said no fire resulted, but service to eight customers was knocked out from around 6 p.m. Monday to Tuesday afternoon. He reported that two of the customers were domestic and the other two were irrigation customers.

Early owns a crop dusting firm out of Amarillo.

## Two Games Set For Girls Ball

Blackwell girls team was defeated Tuesday night in the opening game of the evening by Nelson's girls, 14-4.

The second game at 6:30 p.m. was rained out.

Two games will be played tonight at 5:30 p.m. with Hamlin facing Blackwell and Nelson and West battling.

Standings so far this season are Blackwell, 2-1; Nelson, 2-1; Hamlin, 1-1; and West, 0-2.

Margaret Moore, seated, is associate director of the summer musical "TEXAS" and talks with several performers in this year's show, which begins June 24.

## News Brief

Army Private Jimmy L. Payne, 19, son of Mr. and Mrs. John Payne of Happy, recently completed eight week of basic training at the U.S. Army Training Center, Infantry, Ft. Ord, Calif.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid and army history and traditions.

Mrs. Larry Wooten

## Larry Wooten Wed To Miss Woodbridge

Miss Cynthia Lou Woodbridge became the bride of Larry Lytell Wooten May 22 in a wedding ceremony read in the home of the bride's sister, Mrs. Kenton Knorpp of Amarillo.

The Rev. James Uselton, pastor of St. Stephen United Methodist Church, officiated the ceremony read amid decorations of apricot and yellow.

Mr. and Mrs. Edward G. Woodbridge of Amarillo are parents of the bride. The bridegroom is the son of Mr. and Mrs. Leroy Wooten of Canyon.

For her wedding the bride chose a long gown trimmed in pearls and crystal embroidery, with long tapered

sleeves. The skirt fell from an empire waistline. The bodice, neckline and chapel train were trimmed in appliques of alencon lace. She wore a lace coif held by a three-tiered veil of silk illusion, and carried a prayer book crested with her bouquet of white roses circled by apricot and yellow roses.

Bridal attendants were the bride's sisters, Mrs. Knorpp and Mrs. Gary McAtee of Canyon. Their gowns were floor-length in colors of apricot and yellow, trimmed with alencon lace.

Bill Guill served as best man and Gary McAtee was

groomsman.

A bouquet of apricot and yellow roses centered the reception table laid with lace tablecloth. Misses Tara and Shane Wooten, sisters of the bridegroom, presided at the reception table.

Miss Karen Schoenberger of Hurst registered guests. Miss Billie Ruth West of Groom presented organ selections.

The couple left for a wedding trip to southern New Mexico. They will reside at 4710 W. 57th St., Amarillo.

The bride is a graduate of West Texas State University where she was a member of Chi Omega social sorority and of Delta Psi Kappa physical education fraternity.

The bridegroom attended WTSU. He is a member of Kappa Alpha Order, social fraternity and is employed at Bell Helicopter in Amarillo.

## Couple Says Ring Vows

The First Presbyterian Church was the setting Friday night for double ring vows uniting in marriage Miss Sandra Riggie and Larry Wayne Batchlear, son of Mr. and Mrs. Denby Batchlear of Amarillo.

The Rev. Baldwin Stribling, pastor, officiated.

Decorating the front of the sanctuary were twin candelabras with white tapers, an arch covered with emerald palms, accented with white gladiolus and carnations.

Votive candles lighted the church aisles.

Max Mayse, organist, played wedding music.

Attendants for the bride were Miss Linda Markham, maid of honor; and Miss Sharla Grundy of Amarillo, bridesmaid. They wore floor-length gowns of pale pink and hot pink and carried matching nosegays.

David Robinson of Amarillo was best man and David Hernandez of Amarillo was groomsman. Ushers were Richy Hudson of Amarillo and Roy Markham.

The bride, presented in marriage by Dr. Joe L. Markham, wore a formal-length gown of peau de soie, overlaid with alencon lace styled with an empire bodice. A semi-A-line silhouette was accented at the back with a satin bow and deep pleat.

She wore a floor-length veil of imported illusion and carried a cascade arrangement of white feathered carnations and English ivy.

Guests were received at a reception in Fellowship Hall.

For travel the bride wore an apricot two-piece dress with white accessories.

Following a wedding trip to Red River, N.M., the couple will reside at 920 Apt. 12, Amarillo.

The bride is a 1970 graduate of Amarillo High School and is a sophomore elementary education major at West Texas State University.

Batchlear is a 1970 graduate of Caprock High School and is employed at Boston Greenhouse of Amarillo. He is attending Amarillo College.
